## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 26, 33-36 and 39-49 rejected under 35 U.S.C. 102(b) as being anticipated by US 4,138,039 to Micallef.

Micallef shows a manually operated liquid dispenser as seen in Figs. 3 and 5, having a pump chamber 18 having an interior volume and cylindrical walls along a center axis, a dispenser housing 32 with a top wall 50 and side walls surrounding the entire pump chamber and spaced inward and separated from the pump chamber, see Fig. 3, a pump plunger 16 having a discharge passage 20 through the center tube 42, a resilient bulb 24, tubular input valve 24 and output valve 28, a vent valve to replaced the dispensed content of the reservoir with air, the valve formed by bead on the top of the resilient bulb seating around the opening 40.

### ***Allowable Subject Matter***

2. Claims 27-32, 37, 38 and 50 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

3. Applicant's arguments with respect to claims 26-50 have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
